

FULTON X FARIBAULTMILL
SINCE 1865

SPREAD THE WARMTH

For 158 years, Faribault Mill has been keeping Minnesotan's warm. Their story continues to weave craftsmanship and compassion with a campaign to 'Spread the Warmth' - for every bed blanket sold, they donate a high-quality blanket to nonprofits serving youth experiencing homelessness across the country. This Winter Warmer Ale is a collaboration forged between Fulton Brewing and Faribault Mill designed to embrace the dropping thermometer. A marriage of tradition and surprise, roasted malts in this amber ale mingle with the holiday comforts of cherry and citrus peel with hints of ginger and juniper to create an iconic 7% ABV beverage that wraps you up like an ageless Frontier wool blanket.
